

## JAVA HI-FI

Single Shot		Available finishes	Prijs per stuk
Single Shot LDR Pre-Amplifier	<p><b>Features</b> ETI Research RCA connectors Solid 4mm anodised aluminium front panel CNC-machined solid wood outer case with luxury real wood veneers Dimensions: 44 cm x 41.5 cm x 13 cm (w/d/h) Weight: 6.1 kgs (13.5 lbs)</p> <p><b>Technical details</b> 5 x pairs of RCA inputs 2 x pairs of RCA outputs 1 x headphone output Remote control for volume and source selection Innovative inverted PCB assembly for vibration and resonance control of audio circuit</p>	<p>Woodwork: White / Black / Ebony / Dark Walnut / Copper</p> <p>All finishes both in Satin or in High</p> <p>Gloss Front panel: Black / Silver / Copper 4 mm anodised aluminium front panel</p>	€ 4.900,00
Single Shot GanFet Stereo Power Amplifier	<p><b>Features</b> ETI Research RCA connectors ETI Research speaker binding posts Solid 4mm anodised aluminium front panel CNC-machined solid wood outer case with luxury real wood veneers Dimensions: 44 cm x 41.5 cm x 13 cm (w/d/h)</p> <p><b>Technical details</b> 200 watts/8 ohms (400 watts/4 ohms) 1 x pair of RCA line-level inputs (single-ended) 1 x pair of XLR line-level inputs (fully balanced) Innovative inverted PCB assembly for vibration and resonance control of audio circuit</p>	<p>Woodwork: White / Black / Ebony / Dark Walnut / Copper</p> <p>All finishes both in Satin or in High</p> <p>Gloss Front panel: Black / Silver / Copper 4 mm anodised aluminium front panel</p>	€ 6.900,00
Single Shot Integrated Amplifier	<p><b>Features</b> ETI Research RCA connectors ETI Research speaker binding posts Solid 4mm anodised aluminium front panel CNC-machined solid wood outer case with luxury real wood veneers Innovative inverted PCB assembly for vibration and resonance control of audio circuit Dimensions: 44 cm x 41.5 cm x 13 cm (w/d/h) Weight: 9.5kgs (21 lbs)</p> <p><b>Technical details</b> 200 watts/8 ohms (400 watts/4 ohms) LDR pre-amp stage and GaN FET power amp stage 2 x pairs of RCA line-level inputs 1 x pair of RCA outputs (pre-out) High-resolution DAC (USB input) MM phono stage (RCA inputs) Bluetooth aptX 1 x headphone output Remote control for volume and source selection</p>	<p>Woodwork: White / Black / Ebony / Dark Walnut / Copper</p> <p>All finishes both in Satin or in High</p> <p>Gloss Front panel: Black / Silver / Copper 4 mm anodised aluminium front panel</p>	€ 8.900,00

## JAVA HI-FI

Double Shot		Available finishes	Prijs per stuk
Double Shot LDR Pre-Amplifier	<p><b>Features</b> ETI Research RCA connectors Solid 4mm anodised aluminium front panel CNC-machined solid wood outer case with luxury real wood veneers Dimensions: 44 cm x 41.5 cm x 13 cm (w/d/h) Weight: 6.3 kgs (13.9 lbs)</p> <p><b>Technical details</b> 7 x pairs of XLR inputs 3 x pairs of XLR outputs (1 x fixed, 2 x variable) 1 x headphone output Remote control for volume and source selection Innovative inverted PCB assembly for vibration and resonance control of audio circuit</p>	<p>Woodwork: White / Black / Ebony / Dark Walnut / Copper</p> <p>All finishes both in Satin or in High</p> <p>Gloss Front panel: Black / Silver / Copper 4 mm anodised aluminium front panel</p>	€ 5.900,00
Double Shot GanFet Stereo Power Amplifier	<p><b>Features</b> ETI Research RCA connectors ETI Research speaker binding posts Solid 4mm anodised aluminium front panel CNC-machined solid wood outer case with luxury real wood veneers Dimensions: 44 cm x 41.5 cm x 13 cm (w/d/h) Weight: 9.2 kgs (20.3 lbs)</p> <p><b>Technical details</b> 400 watts/8 ohms (800 watts/4 ohms) 1 x pair of RCA line-level inputs (single-ended) 1 x pair of XLR line-level inputs (fully balanced) Innovative inverted PCB assembly for vibration and resonance control of audio circuit</p>	<p>Woodwork: White / Black / Ebony / Dark Walnut / Copper</p> <p>All finishes both in Satin or in High</p> <p>Gloss Front panel: Black / Silver / Copper 4 mm anodised aluminium front panel</p>	€ 8.900,00
Double Shot Integrated Amplifier	<p><b>Features</b> ETI Research speaker binding posts Solid 4mm anodised aluminium front panel CNC-machined solid wood outer case with luxury real wood veneers Innovative inverted PCB assembly for vibration and resonance control of audio circuit Dimensions: 44 cm x 41.5 cm x 13 cm (w/d/h) Weight: 10.6 kgs (23.4 lbs)</p> <p><b>Technical details</b> 400 watts/8 ohms (800 watts/4 ohms) LDR pre-amp stage and GaN FET power amp stage Fully balanced dual mono topology 4 x pairs of XLR line-level inputs 2 x pairs of XLR outputs (fixed and variable) High-resolution DAC (USB input) MM phono stage (RCA inputs) Bluetooth aptX 1 x headphone output Remote control for volume and source selection Innovative inverted PCB assembly for vibration and resonance control of audio circuit</p>	<p>Woodwork: White / Black / Ebony / Dark Walnut / Copper</p> <p>All finishes both in Satin or in High</p> <p>Gloss Front panel: Black / Silver / Copper 4 mm anodised aluminium front panel</p>	€ 12.900,00
